Music Consulting	Don't want a DJ, or hired another DJ and want our expertise to create the perfect playlist to guarantee success for your event?	\$200-\$350 range
Custom Podium	White/Wood design with/without custom logo	\$300/\$150

Your event can be enhanced by some of these unique offerings. Always pushing the envelope, one thing is for sure... we are one step ahead of the others. In an effort to constantly improve what we deliver to our clients and expand our consistent, exceptional offerings, the below alternatives are a quick look at some other ways our approach is unique in the industry.

Lighting/Up-Lighting: Enhance your party space with several lighting options!

- Static, non-moving lighting, like up-lighting for the room helps to dress up any space. Cost is per light is \$38 per wireless (no unsightly wires) unit for up to 8 lights. Over 8 lights, we discount them for \$34/\$32 per light based on quantity. The going rate in Baltimore is anywhere from \$30 per light for DIY (You, the client, picks up and sets up the lights then breaks them down and returns them yourself) up to \$40-55 per light from some of our competitors, some who have the older, wired versions (ugly wires running everywhere) Our LED lights don't generate heat and don't draw from the power supply at the venue!
- Moving lighting around the dance floor will help to create some energy combined with great music to make your party memorable. Many options to choose from and price varies depending on what you want. Moving lighting starts at \$450 for the basic package.
- Pin spots are a great way to highlight a centerpiece, a wedding cake or something you really want to 'pop' in the room! Pin spot lighting is wireless and can be attached to almost any surface above that which you would like to spotlight. Pin spots are \$28 per light.

DJ Booth Surrounds: Bring the elegance and tie in a theme with a custom DJ booth surround rather than a standard table covered with a tablecloth.

- Leather look, rolled and pleated surround in White. (\$300)
- Custom framed booth with or without your own monogram or logo. (\$300 without logo or monogram and \$400 with your own monogram on heavy vinyl that you keep.)

Questions? Contact us [here!](#)

White microphone and stand:

For those times when a standard black microphone and stand are not aesthetically color matched to your elegant setting, such as a wedding ceremony or a styled speaking area or stage. It's all in the details! *We are the only DJ who has this item and guests love it. \$100

Custom podium with monogram or logo:

Custom looking podium with or without your own monogram or logo. (\$150 without logo or monogram and \$300 with your own monogram on heavy vinyl that you keep.)

Band/DJ Combo: Can't decide whether you want a DJ or a band? Have both!

- Our services complimenting any band with my own sound system and completely separate music format eliminating energy killing "band break filler music" with great music that the band does not already play.
- Professional announcements or introductions and option to have the "Original Artist" for the important dances rather than the band version (that they may have just learned).
- Vinyl "Records" option for an interesting and entertaining visual with a retro feel!

[The Pros & Cons of a Band Vs. DJ](#)

High-End or Surround sound systems for larger rooms:

- Upgrade from the standard and functional systems that may struggle in a larger venue with lots of people. Crisp, clear highs and punchy, but subtle bass that won't take over the party while reducing listening fatigue. For those who know the value of quality. Starts \$600
- Surround sound options for hard surfaced rooms where volume level is sensitive, allowing an overall lower volume with more speakers placed around the space. Starts \$500

Music theme/playlist consulting:

- Professional guidance for clients who are planning their "own" music for an event
- Format expertise on the overall flow of the music related to the event
- Proficiency in matching music themes with themed events and general music knowledge of what "works" for the guests. Varies \$150-\$300

Photo slide-shows with music & Projector and Screen:

Many attempt it... and unfortunately the result is usually a mediocre presentation. Expertise offered in a presentation that will "Wow" and can be distributed to the guests after the event via a YouTube link. \$200 Projector with or without screen. \$450/\$300

Our vision has always been to make the events the best they can be in the "big picture" sense and do whatever it takes to over-deliver to clients whose expectations are usually well below our own, self-imposed standards.
